Furniture and fittings for housing. Determination of surface resistance to scratches

MATERIALS

Product	Aluminium	Wood fiber	Laminate
Attach Table 90 x 290 cm, melamine	45%	50%	5%

SEPARABILITY & REPLACEABLE PARTS

The legs and tabletop are separable as shown in the illustration above.

Replacement of table top

Tools needed: Screwdriver

Follow the Disassembly instruction suitable for your table (singular or linked etc.)

Replacement of legs

Tools needed: Screwdriver

Remove the screws if the leg is permanently fixed. Ask a friend to lift the table a couple of centimetres so you can detach the leg.

ASSEMBLY INSTRUCTIONS
